COMMON COUNCIL MET LAST NIGHT

Lower Board Remained in Session Less Than an Hour.

4 ALDERMEN A W A Y.

No Report on Proposition For High School Submitted — Aldermen to Meet Tonight.

There was no meeting of the Board of Aldermen last night, No quorum appearing. Under the rules, the board will meet tonight.

City Council.

Common Council held a brief meeting last night at which 12 members were present, those not attending being Messrs. Birrell, Monroe, Spinks and Marshall.

Mr. D. Moxley Low, who was elected to fill the unexpired term of Mr. Swan as councilman from the Fourth Ward, was sworn in, and assigned to the committees on light and poor.

A petition from the residents on Columbus street between Queen and Princess asking for certain changes in the paving now going on there was granted.

A petition providing that property holders on this square will pay $1.25 per front foot, and Mr. Brockett explained that this would cover all of the additional expense to the city except about $70. The street will be narrowed slightly and granite curb, and vitrified brick gutters will be put in.

Mr. Burke asked the chair to interogate Mr. Lambert about his expense in the recent suit in defense of his seat in Council. Mr. Lambert said these expenses had amounted to about $250, and Mr. Burke then moved that $250 be appropriated to reimburse Mr. Lambert for such expenses as he had actually incurred.

Mr. Smith thought if Mr Lambert was reimbursed, the other contestant, Mr. Barrett, should also be reimbursed, and offered a resolution providing for this.

Mr. Burke did not feel that he could vote on this resolution without considering it carefully, and several other members objected, both resolutions were sent to the finance committee.

The committee on streets and the city engineer were authorized to buy paving brick for certain squares in accordance with bids submitted for work now in progress.

Charles Poindexter was granted permission to erect a frame, metal roof dwelling at the corner of Oronoco and Pitt streets.

Miss Lucy M. Graves was granted permission to convert the building at the northeast corner of Fairfax and Gibbon streets into a three story apartment house, the rear building to have an 8-inch wall from the ground up.

The committee on light was directed to have an arc light placed at the corner of Oronoco and Union Sts.

A communication from the Health Officer recommending that the sewers be flushed weekly and that the pump on Prince street, between Henry and Fayette be repaired was sent to the committee on streets and health.

On recommendation of the Police Commissioners a petition asking that the salary of the late Jefferson D. Beach, amounting to $163.61, covering a period of his sickness, be paid to the widow, was granted and the appropriation made.

There was a brief discussion on the high school started by Mr. Williams in which Messrs. Williams, Bryant and Brockett expressed themselves as being disappointed that no report from the committee had come in. Mr. Brockett said that he understood that four members of the board of Aldermen had agreed to stay away from the meeting, and Mr. Williams stated that the chairman of the joint committee had positively refused to allow the report on the high school to be introduced in Common Council, however, he knew there would be no meeting of the Board of Aldermen.

New York.—The New York, New Haven and Hartford railroad announced a proposed increase in capital of $67,000,000.

NEWS OF THE DAY.

The British House of Lords last night treated the Welsh disestablishment bill exactly as it did the Home Rule bill. By a vote of 242 to 48 the Lords refused to give the bill a second reading, and adopted a motion declining to proceed with its consideration "until it had been submitted to the judgment of the country."

Clerks in the Government Department in Washington must pay their debts or relinquish their jobs. The latest department to emphasize this order is the War Department and an order signed by Secretary Garrison is being handed to all the employes. The order says that "creditors and collectors will be denied access to the employes" during office hours, and adds: "But while the department will not permit itself to be used as a collection agency, it will not consider as a fit employe any one who contracts a debt and then without sufficient excuse neglects to make payments."

Caught in a storm while boating on the Schuykill river, near Norristown, Pa., three women, all church workers, were drowned. One of the women clung to the overturned boat and was saved. The women were within a quarter of a mile of the boat landing when the wind struck them. The boat began to leak badly. To keep their feet and clothing dry the four girls stood on the seats. The next instant the boat turned over.

The European concert is faced by the most delicate and difficult situation, requiring the exercise of the utmost diplomatic tact if Europe is not to be plunged into a general war by the Turkish reoccupation of Adrianople and Kirk Killiseh. Bulgaria hopeless, sees the fruits of her early won victories snatched from her hand, and while negotiations for an armistice are proceeding in a leisurely manner at Nish the Greeks and Servians continue to push their advantage

Forty persons were killed and as many more injured when workmen repairing a bridge on the National Railroad at Cameron, Mexico, struck a mine which had been planted by the rebels. A terriffic explosion occurred when one of the men's picks struck the dynamite. It is believed that the rebels had planted the mine to blow up a troop train . Many of the injured will die.

Only the discipline of soldiers from the Columbus, Ohio, barracks last night prevented a free-for-all fight between Industrial Workers of the World, the police, soldiers, and a crowd which had collected on the principal street corner to hear Martin Phelan, an Industrial Worker speak. Phelan berated the United States army and Navy, questioning the manhood of those who enlist

These buildings were destroyed at an estibated loss of $150,00. About 200 convicts aided in preventing the flames from spreading to the prison.

BAPTISTS APPEAL TO VOTERS OF STATE

Dover Association's Denunciations For Sale of Liquor.

WILL BOYCOTT FAIR.

Earnest Appeal Made to Virginia Legislature to Pass Enabling Act at Next Session.

Ashland, Va., July 23.—An appeal to the voters of Virginia to support only those candidates for public office who favor the destruction of liquor traffic in Virginia, an earnest appeal to the next general assembly to pass the enabling act, and denunciation of the State Fair for its sale of liquor, together with the request that all Baptists boycott the fair until its liquor traffic is abandoned, were today's most notable activities of the Dover Baptist Association which convened this morning in Winn's Church.

The report on temperance was read by Mr. W. N. Lawson, chairman of the committee.

The annual address of the moderator was delivered by R. A. Gary, who spoke on the subject, "Enlargement of the Kingdom."

The report on Evangelism was then read by W. J. Yeamans, and adopted after a discussion by Dr. C. H. Ryland.

The Religious Herald was represented by J. W. Cammack. Rev. A. G. Poaroh, pastor of Winn's Church, delivered the address of welcome, which was responded to by Rev. L. T. Wilson, of the Grace street Baptist Church.

The Association then adjourned for dinner, which was served on the grounds, and met again at 2:30 o'clock.

The committee on Sunday schools and colportage was not ready with its report, so the association proceeded to the consideration of the temperance question.

R. E. Winfree read the report of the Laymen's Missionary Movement. Isaac Diggs spoke for the movement The report was then adopted, and the association adjourned to meet Wednesday morning at 10 o'clock.

BOMB A CHEESE.

Bullets Fired into Creamy "Infernal Machine.

New York, July 23.—The mystery of the bomb sent to Andrew Carnegie in the cane of the Secretary of the Carnegie Corporation was solved yesterday. It was a juicy cheese enclosed in a smell proof case of zinc—a Scotch cheese, according to an expert called into conference after the bureau had defiantly determined that the "bomb" contained neither nitro glycerine, dynamite or other deadly poison.

After deliberating nearly all the day how to determine the contents of the "bomb" without causing an explosion, that would injure anybody the Bureau of Combustibles took the infernal machine to a vacant lot. There, from a safe distance, while an immense crowd waited with their fingers in their ears an awful report, an official leveled a rifle at the bomb and perforated it with a bullet.

A thick, yellow substance oozed from the hole, and that was all that happened. Four more bullets were fired into the bomb, and still silence regained. Soon, however, a pungent and self-explanatory odor became perceptible, and even the laymen present were able to recognize the true nature of the "bomb."

The cheese was returned to the Carnegie Corporation resembling more the Swiss than the Scotch product.

ROAD IMPROVEMENTS.

There will be a meeting of the Telegraph road committee of Fairfax county at 8 o'clock tonight at the office of the Fairfax Mutual, corner Prince and Royal. Matters of importance to the residents of Fairfax county in connection with the petition calling for a county election for the proposed bond issue to secure funds for improving several of the roads in the county will be brought up at this meeting.

CIVIL SERVICE EXAMINATIONS.

Treasury Department Sends Out Notice—Applications Must be in by August 11.

The Treasury Department has issued the following:

On June 24th and 25th this office requested that the Civil Service Commission should hold additional examinations in the State of Virginia for the purpose of securing additional eligibles for appointment to positions in the internal revenue service in the Second and Sixth Collection Districts of Virginia.

I am informed by the Civil Service Commission that such examinations will be held on August 16, 1913, at the following places: Fredericksburg, Newport News, Petersburg, Richmond, Abingdon, Alexandria, Charlottesville, Danville, Lynchburg, Roanoke, Staunton, and Winchester, and that all applications for entrance to said examinations should be in the hands of the Civil Service Commission by August 11, 1913.

As numerous inquiries have been made relative to appointments in the internal revenue service, and as the commissions of deputy collectors of internal revenue automatically expire with that of the collector by whom they are appointed and commissioned, and it is possible many new collectors may not desire to recommission some of the old deputies, it is suggested that you will give this information as wide publicity as possble, in view of the fact that all appointments to positions in the internal revenue service are made from th eligible registers of the Civil Service Commission.

DEATH OF VETERAN.

Former Confederate Officer Dies in Washington.

Henry A. Herrell, an officer of the Confederacy throughout the civil war and for many years one of the leading brick manufacturers in Washington, died yesterday morning at his home, 1325 North Carolina Avenue, Northeast.

Mr. Harrell was born in Fauquier county, Va., March 18, 1842, left the University of Virginia to enter the Confederacy on May 10, 1861, as captain of Company D, Thirty-Third regiment, Stonewall Brigade, and served throughout the war, being in command of the regiment when it surrendered at Appomattox.

CHARGED WITH ASSAULT.

Young Men Alleged to Have Called Officer Unnecessarily And Attacked Him.

At a late hour last night while Officer Kern was on King street he heard some person call for the police. He approached two young men named Edward Arnold and Edward Petty and asked if they made the outcry. Both denied having done so, and the officer, moving away, heard the call repeated. As no other persons were present, he believed the men were amusing themselves at his expense. He ordered them off the corner, and the men refusing to move, Mr. Kern placed them under arrest. Upon reaching the station house they were allowed to leave upon promising to appear in the Police Court this morning. After reaching the street it is alleged that the two men became abusive and menacing towards the officer and that Arnold struck at him and that Petty was about to follow the example of his companion, when they were again placed under arrest. Both were required to leave $20 collateral for their appearance this morning. When the case was called Officer Kern only appeared against them. The accused denied the charges, and it was necessary to postpone the case until tomorrow morning, when other officers will testify.

FIRST FAMILIES ARE CHARTERED

Lyon G. Tyler, of Williamsburg, to be Regent in State.

ANCESTRAL T R E E S.

Organization Will be Known as "The Order of the First Families of Virginia."

Richmond, Va., July 23.—Descendants of the Jamestown Indian fighters who have strayed from the ancestral halls are now pining for Virginia hoecakes and bacon under the Wisconsin sun, and desire some visual reminder of their proud lineage for themselves and their children. The State Corporation Commission yesterday granted a charter to the social organization with the title of "The Order of the First Families of Virginia."

In order to comply with the legal requirements, the F. F. V.'s must have a resident agent in Virginia, and to Lyon G. Tyler, at Williamsburg, who delegated that honor. Williamsburg is not more than a stone's throw from Jamestown, so that Pocahontas flavor will be still strongly perceptible on the oder. The organization has no capital stock, and assets are represented by mutual family trees of proud proportions. To become an F. F. V. in something besides name, one must now be able to show conclusive proof that one's ancestors killed mosquitoes and wormed tobacco on Jamestown Island at a period earlier in the history of Virginia than in the year of our Lord 1620. If one's ancestors arrived about 1609, for instance, there is no limit to the high degree attainable in the Order of the First Families of Virginia. If the great forbear set foot on Virginia soil in 1621, however, one can hope only to become a second family of Virginia.

Among the incorporators are: Mrs. M. G. Cook, Milwaukee, Wis.; Mrs. W. Roy, of Rochester, N. Y.; Mrs. S. E. G. Sperry, Anna May S. Bormie, Owen Garthright, Ida B. Wilson, Isaac T. Woodson, Jr.; Eliza G. Martin, and Martha Ely Bailey.

HUNG JURY.

No Verdict in Floyd County's Big Sensation.

Floyd, Va., July 23.—In the case of the Commonwealth vs. W. F. Gordon, charged with an offense involving a young woman, who was the prosecuting witness, which occupied the attention of the Floyd Circuit Court, for several days, resulted in a hnng jury, six for conviction and six for acquittal.

Very able arguments were made by counsel on both sides. It was the hardest fought legal battle since the celebrated Richards case of some years ago, all the parties concerned being prominent and widely connected citizens of Floyd.

A RECORD FLIGHT.

Naval Aviators Go By Air From Annapolis to Old Point.

Newport News, Va., July 23. — Traveling in a Curtis hydroaeroplane, Lieutenants Smith and Chevelier, of the U. S. Aviation School, established a record flight from Annapolis, Md., to Fort Monroe, yesterday morning, making the trip in four and one half hours, or actual flying time of two hours and ten minutes.

With the ease of a bird, and at a distance of fully 500 feet in the air. the machine swept down upon Old Point shortly after 11:30 o'clock and the officers made a beautiful landing on the beach just in front of the old Hygeia Hotel site.

When the officers started back to Annapolis yesterday evening their hydro aeroplane was injured by the heavy seas in Hampton Roads, and a launch had to be sent out from Fort Monroe to tow the machine back to Old Point. It is not badly damaged and the young aviators say they will be able to resume the trip today.

ROSEMONT FIRE DEPARTMENT.

Thomas A. Hulfish Elected Chief at Last Night's Meeting.

Thomas A. Hulfish was elected chief of the newly organized volunteer fire department of Rosemont at last night's meeting of the Rosemont Citizens' Association. George W. Keys was made chairman of the committee on fire prevention with discretionary powers in makng suggestions to prevent fires and to lessen fires hazards, in the suburb. Even though Rosemont has a fully equipped fire department almost ready for operation, it is the intention of the chairman of the fire committee so far as lies within his power to see that no fires occur.

The new building to house the fire engine and hose reel is nearly completed and will be ready for equipment, which includes 400 feet of the best fire hose, as soon as the engine arrives.

The newly-elected chief of the new fire department is empowered by the Citizens' Association to name his own assistants who must volunteer for fire duty and be ready to respond at day or night. Mr. Hulfish is expected to invite the ladies of Rosemont to volunteer their services and join the new fire department.

A number of residents of Washington Park were admitted to membership at last night's meeting.

NEW SAVINGS BANK.

The work of incorporating and organizing the Alexandria-Fairfax Savings Bank will probably be concluded by next Saturday, when another meeting of the promoters and others interested will be held in Washington for the purpose of making final arrangements.

It is probable that officers and a board of directors will be elected at this meeting and subscription books opened soon after simultaneously at a number of places in this city, Alexandria and Fairfax county.

When interviewed this morning by representatives of the press, Capt. F. L. Slaymaker, chairman of the committee of those interested in the organization of the proposed new Alexandria-Fairfax Savings Bank reported very favorable interest by Alexandrians and people in the county in the project, and quite a large block of the stock already applied for in advance of the actual opening of the subscriptions.

No confirmation can be found for the rumor circulated in the last few days of a second bank with a capital of $500,000, in which the report stated Philadelphia capitalists were interested, and it is believed that this is merely a rumor growing out of and confused with the local bank project.

CONSIDER FOOD FISH PROBLEM

Government Expert Meets State Officials in Richmond.

PROBLEM PRESENTED.

Chairman Lee Would Not Agree to Anything Calculated to Cripple the Industry.

Richmond, Va., July 23.—Dr E. Lester Jones, United States deputy fish commissioner, Chairman W. McDonald Lee, of the Virginia State Fisheries Commission, and Governor Wm. Hodges Mann held an interesting conference in the executive office yesterday relative to the matter of the conservation of food fish, particularly the shad and herring, a subject which is now being agitated by the United States bureau of fisheries and is also receiving the attention of congress in the shape of a bill recently introduced by Congressman Linthicum, of Maryland.

Views were freely exchanged at the conference as to the best methods of arriving at the desired end, and the question of the various kinds of nets and fishing methods entered largely into the discussion. Chairman Lee briefly reviewed the State laws, which are regarded as the most advanced on the Atlantic Coast, and satisfied the conferees that they are being enforced, but it was agreed that there is a need of even better regulation in the present crisis, which is admittedly grave, if it can be brought about without crippling any industry upon which ten thousand people in Virginia alone, are dependent for a livelihood. Chairman Lee was firm in the stand that he would not agree to any regulation based on the theory which might have that effect, and Dr. Jones, who is a native Virginian and a practical scientist, showed a disposition to agree with him.

The object is to find a way to better protect the shad and herring particularly, without crippling the industry, and the situation, which presents a complex problem, will be thoroughly threshed out at the conference to be held shortly in Washington, at which representatives from Virginia, Maryland and North Carolina, will be present. Dr. Jones, at the conclusion of the two-hour conference yesterday, invited Governor Mann to appoint representatives from Virginia to attend the conference, and also urged the Governor to be present himself. The Governor promised to name delegates to represent the state and also to attend himself is his duties permit. Governor Goldsborough, of Maryland, is expected to be present. The conference has been arranged by Secretary of Commerce Redfield, and the date will be announced in a few days.

J. T. BROWN IS ENDORSED

Trades Council of Alexandria and Other Places Will Support Him For Commissioner

The Labor Day committee of the Alexandria Trades Council has approved the action of the executive board of the State Federation of Labor in indorsing the candidacy of J. Thompson Brown for Commissioner of Agriculture.

Resolutions upholding the action of the executive committee of the State Federation of Labor in indorsing the candidacy of J. Thompson Brown, of Bedford County, as a candidate for Commissioner of Agriculture, have been unanimously adopted by Richmond Machinists' Union, No. 10.

Union men generally have been much stirred over the controversy, which was precipitated by the Richmond Labor Day committee.

Ten days ago the executive committee of the State Federation of Labor, meeting in Richmond in conference with an executive committee of the State Farmer's Union, adopted resolutions indorsing Mr. Brown. A week later the Richmond Labor Day committee severely censured this action, and resolutions condemning it as placing the unions in politics were passed by the Typographical Union No. 90. After some hours of stormy debate the Central Trades and Labor Council on Sunday afternoon adopted a noncommittal rsolution, declaring that the action of the state executive committee was "not binding on any trades unionist in the city."

The Carpenters' Union, of Newport News, representing 210 men, has passed resolutions commending the action of the executive board of the State Federation of Labor in indorsing the candidacy of J. Thompson Brown. The Molders' Union, with ninety-seven members, fifty of whom were present, took similar action.

The Sheet Metal Workers' Local, No. 171, of Roanoke, unanimously indorsed the candidacy of J. Thompson Brown for Commissioner of Agriculture, and of James B. Doherty, for Commissioner of Labor, and also upheld the action of the executive board of the State Federation of Labor in indorsing these two officials.

HAD A JOLLY GOOD TIME

Elks' Excursion Yesterday One of the Most Enjoyable That Ever Left Alexandria

There are excursions and excursions. There are good times and there are better times. But when you can ride on a magnificient steamboat for four hours and enjoy every minute of it you can say truthfully you had the time of your life. Such was the verdict of those who went to Colonial Beach with the Elks yesterday. What nature did not do to make things agreeable the comittee did. It was interesting to see Harry B. Quinn disguised as a tramp, parading the decks of the steamer amusing the young and old. Messrs. Bales, Brill Mayor Fisher, and others distributed fans, razzle-dazzles, and whistles to the young ones and with the assistance of the general committee, of which Chas. B. Marshall, was chairman, saw that everything passed off pleasantly. The dancing was a feature. On the return a beautiful moon shed its beams on those who were cooing and some who were cooed, and the gentle breeze as it wfted over the beautiful river heard and carried many things that will reverberate in history.

DEATH OF REV. DR. SCHICK.

Deceased Minister Was a Native of Richmond.

Knocked down by an automobile ten days ago while hurrying to catch a street car at Fourteenth and P Sts., northwest, Rev. Dr. John M. Schick, pastor of Grace Reformed Church, 15th and O streets, northwest, died at the Emergency Hospital yesterday as a result of injuries. Col. Roosevelt, while president, was a member of Dr. Schick's congregation.

Born in Richmond, Va., on November 8, 1848, Dr. Schick moved to Pitsburgh, Pa., with his parents, when he was 12 years old. He was educated at Mercersburg College, graduating in 1872 with the degree of M. A. Four years later he was graduated from the Pennsylvania Theological Seminary at Mercersburg. NEWS OF THE OLD DOMINION.

RICHMOND PASTOR RESIGNS.

Resignation Follows Soon After the Rev. David Francis Kissing Affair.

Richmond, July 23.—After the refusal of the congregation of the Fairmount Avenue Christian Church last night to accept the resignation of the pastor, Rev. Lester E. Groseclose, the vote being 16 against accepting the resignation and 14 for accepting it, Rev. Mr. Groseclose stated that he would again ask to be released, and is determined on severing his connection with the church September 15th, to return to his home in Indianapolis.

The resignation was tendered at the Sunday morning service of the church yesterday. Only thirty persons voted, some going out when they understood that the pastor's resignation was to be voted upon.

Mr. Groseclose said that he was considering several flattering calls from churches in the Middle West, which are near his Indiana home. Asked whether his alleged part in the Rev. David Francis affair had anything to do with his determination to leave Richmond, Mr. Groseclose said that it had not. He stated that he had been approached by several members of his congregation relatve to the Francis matter, but that none of them had suggested his presenting his resignation.

It is understood that a majority of the members of the official board of the church are in favor of retaining the pastor.

Mr. Groseclose has been in his present pastorate for two years. He came into some notoriety recently by favoring a theater on Church Hill in opposition to the vigorous stand taken by Mr. Francis against one. It is said that it was Mr. Groseclose who brought to the attention of the Third Christian Church official board the alleged kissing by Mr. Francis of the wife of R. D. Inge, one of his members, and that he had a personal encounter with Mr. Inge.

The Fairmount Avenue Church is Mr. Groseclose's second charge.

FREIGHT RATES DISCUSSED.

North Carolina Commission And Railroad Officials Hold Conference.

Old Point Comfort, Va., July 23.—Traffic managers of practically every railroad that enters North Carolina and the North Carolina Corporation Commission held two conferences at the Chamberlin Hotel yesterday behind closed doors. It was intimated that the railroads, following the proclamation of Governor Locke Craig calling the Legislature in session to consider the freight rate question, showed a decided inclination to effect a compromise.

Chairman Travis, of the Corporation Commission, stated that considerable progress was made today and that it was possible that the railroads would agree to make a reduction in rates that would be acceptable to the people of North Carolina.

It was stated unofficially that the railroads are willing to grant a 15 per cent reduction in freight rates. The shippers of North Carolina demanded a reducton of 25 per cent, but the railroads would not agree to more than 5 per cent. Another conference may be held tomorrow.

Before Leaving for Death Chamber, Norfolk Negro Describes Two Killings.

Richmond, July 23.—In charge of Guards F. A. Lamb and R. M. Johnson, of the Virginia Penitentiary, Willie Glenn, alias C. Brown, a negro, sentenced to be electrocuted August 6, was brought to that institution Monday night from the Norfolk jail.

Just before leaving the jail for Richmond, Glenn handed to one of the jailers a "confesson," in which he detailed the circumstances leading up to the murder of Rosie Pitt, acknowledging that he killed her, and attempting to justify the act by the statement that he was full of liquor and could not stand for the woman cursing and defaming his mother.

He also tells how he killed a negro named Elijah Haskett in Greenwood, S. C., several years ago. "He worked in Greenwood twelve months," Glenn writes, "and lived on Oak street, at the home of Ada Clark. I returned to the house one night to get my overcoat to go to church, and when I got there, Ada was there, with the door closed. I called, and she told me to come in. I walked in, and a man, 'Ligie' Hackett, jumped at me with a sharp axe. I jumped back, and the door was closed, and I could not get out, and I had to shoot him in self-defense and make my escape."

Glenn blames bad women and whisky for all his troubles.

DR. SMITH HONORED.

Given Complimentary Banquet by Dental Association.

Old Point, Va., July 23.—Interesting features of the opening session of the fifteenth annual convention of the southern branch of the National Dental Association, which convened here yesterday in joint session with the Virginia Dental Association, were the addresses of welcome by Dr. George F. Keesee, of Richmond, on behalf of the State of Virginia, and Dr. Wm. H. Ewald, of Norfolk, on behalf of the Virginia Dental Association, and the witty response made by Dr. B. Holly Smith, of Baltimore.

Dr. Smith apologized for not having prepared a regular address, stating he had expected to respond to the welcome of the Virginians with a hearty handshake, a chat over cool juleps, but he charmed his hearers with his brilliant talk and his touching reference to the many colleagues who had died in the past year.

Following its annual custom of honoring one of its most prominent and eminent members the national association gave a complimentary banquet for Dr. Smith yesterday evening at 9 o'clock.

More than 200 dentists, representing all sections of the South, are in attendance. Dr. S. W. Foster, of Atlanta, Ga., president of the South branch of the National Association, presided and made the opening address of the morning session. The afternoon session was given over to reports from the different committees.

Danville, Va., uly 23.—Miss Alexandra Graham, second daughter of David E .Graham, and C. Maurice Flinn, of the realty insuranee firm, the Waddill-Holland Company, both of Danville, were married in Washington, D. C., Monday afternoon by Rev. E. V. Regester, D. D., of the Methodist Church South.

Miss Graham was a registered nurse in the Army-Navy Hospital in the District. Mr. Flinn, long devoted admirer, went up to the capital and persuaded Miss Graham to resign Uncle Sam's service and enlist in the army of the majority.

RATTLER IN CHILD'S BED.

When Forced to Leave it Took Refuge With Another Little One.

Danville, Va., July 23.—A babe peacefully sleeping on a pallet beside a large coiled rattlesnake was the startling discovery made by Mrs. B. J. Johnson near Sand Level, in northwest Pittsylvania, a day or two ago.

The furious barking of a pet dog attracted the family, then at supper, to the adjoining room, where the snake and babe were. When a light was made the reptile slid from the pallet and glided into an adjoining room and into a bed occupied by another child, who happened to be awake and made a hasty flight.

Mr. Johnson, with a bed slat, dispatched the snake. It measured three feet in length and had eight rattles.

Neither child was harmed.

BRIDEGROOM KILLED.

B. L. Davis Literally Cut to Pieces by Locomotive Near Boyce, Vr.

Berryville, Va., July 23.—B. L. Davis, a popular brakesman on the Norfolk and Western railway, met death in a terrible manner Saturday evening near Boyce, Clarke county, when he was knocked under the locomotive on which he was riding. His body was literally cut to pieces and the fragments were picked up along the track for a considerable distance.

The unfortunate man was sitting on the pilot of the locomotive, on which a heavy piece of timber used in moving cars on the tracks was carried, when he was struck. The piece of timber projected some distance beyond the car line. It struck the fence of a cattle guard along side the track, throwing Davis beneath the engine.

Davis, who was a bridegroom of seven months, was 23 years old.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

ANOTHER FRIGHTFUL FACTORY HORROR.

The papers today have devoted considerable space to the terrible factory disaster yesterday at Binghampton, N. Y. It was at first hoped that the accident was not as horrible as reported, but dispatches today show it was more serious than first reported.

Sixty-three persons, mostly women and girls, lost their lives in the fire which destroyed the overall factory of the Binghampton Clothing Company.

This was the latest estimate of the police, made today, after reports had been received from the hospitals and relatives of those who were employed in the factory.

Lines of blackened bodies are awaiting identification in the morgue, but they are so horribly burned that only by the chance of finding some bit of clothing which might be recognized by a relative is there hope of the bodies being turned over to the proper persons.

Seventeen women and girls are suffering from serious injuries in the hospitals. Of this number it is believed that at least ten will die. Their condition is pitiful.

Some are so terribly burned that their bodies hardly resemble human forms. Others are suffering from broken and crushed limbs. The condition of the most seriously injured—those who may not live out the day—seems unbearable. In addition to broken bones, caused by jumping from upper floors, their bodies are terribly burned.

A rigid investigation into the cause of the fire is expected to be started.

OBJECT LESSON TO INVESTORS.

The death in a Massachusetts prison of a once well known financial promoter, who had been convicted of swindling a large number of gullible investors brings to mind similar disasters to people who never seem to learn anything in the school of experience, although tuition is so high. Ten or fifteen years ago speculative financiers of the type of Cardenio F. King, who at one time had an office in Philadelphia, were common, and the alluring prospectuses which they issued regarding oil fields in Texas, mines in many a far western state or Canada, openings for fortunes by fliers in cotton, real estate bonanzas in growing cities, etc., were the means of separating many thousands of persons from their savings of years. They advertised lavishly, spent money freely, and in many cases seemed to have some basis for their apparent prosperity and the glittering promises they made. How flimsy this basis often was is shown in the case of King, who, when trouble came, had less than $14,000 in assets to meet liabilities of nearly $500,000.

The Philadelphia Record, in recording King's death, says:

"It is interesting to note how almost completely this gang of harpies has disappeared, at least, from public gaze. Uncle Sam has played no small part in this reform. Numerous convictions of swindlers, such as those in the Storey Cotton Company, for using the mails for fraudulent purposes, drove many of the tribe out of business. The newspapers and magazines have also accomplished a great deal by the much closer supervision they exercise over all advertisements. Many which would have been accepted years ago would not now be considered for a second. Public sentiment, as reflected in the "blue sky" laws passed in many states has certainly proved a valuable factor. Undoubtedly, too, the American people, after having been victimized for many years, are gradually growing wiser and more careful in entrusting their money to plausibe strangers. The high cost of living, which presses so severely upon many, has checked the speculative spirit and led to much greater caution in investment. Certainly the change has been immensely for the better. The dishonest promoter was a rank outgrowth, and nobody will be the looser by his disappearance."

MAY CONTEST ELECTION.

Legality of Petition is Being Questioned.

Richmond, July 23.—Declaring that they have sufficient grounds to contest the election in Manchester district last Thursday, which resulted in the abolition of the three Swansboro saloons and one distillery, the "wets" are contemplating holding a meeting in the near future to consier the advisability of taking such steps.

While this is being considered, the "wets" believe that they have sufficient grounds to contest the election owing to the vote of a young man, who will not be twenty-one until next September. The law allows a young man a vote in a primary before he is of age, providing he becomes twenty-one years old before the general election. The election Thursday was the general one. Whether this section of the code applies to this case is a question which is being considered.

DISASTROUS STORM.

Great Damage Last Saturday by Wind And Lightning.

Farmville, Va., July 23.—As reports come from the various sections around Farmville, the storm on Saturday is shown to be more appalling in destructiveness than at first thought. On the edge of Buckingham, in the neighborhood of Dobson's bridge, cattle were injured by the hail, small game killed and crops entirely ruined.

William Bailey, a prosperous farmer, who lives about eight miles from Farmville, lost every building on his plac except his dwelling, and that was unroofed. His tobacco was totally destroyed, as well as his corn. R .B. Jones, his neighbor, lost heavily.

In the Rice neighborhood, Prince Edward county, which is a large tobacco growing section, W. H. Hubbard sustained a loss of 100,000 more hills. His neighbor, John W. Bradshaw, had even a greater loss.

In the upper part of Prince Edward, around Felden, Robert Stokes, a large planter, sustained heavy losses. Lightning set fire to a barn on the farm of B. M. Bliss, destroying it, together with his entire crop of wheat and oats. He was without insurance. In the lower end of the county, not far from Rice, a colored woman on the farm of T. W. Vaughan was struck by lightning and instantly killed. It is estimated that at least a third of the tobacco and corn crops of Prince Edward and the upper ends of Buckingham and Cumberland counties were destroyed within the hour the storm raged. Every farmer in the neighborhood of Sandy River suffered heavy losses. A farmer in Buckingham reports that the hail killed thirty-five of his turkeys, and from all quarters come reports of many fowl being killed.

STORK WAS GENEROUS.

Brought Tripletts, All Boys, to Christopher Vernon.

Bristol, Va., July 23.—The stork has brought tripletts, all boys, to the home of Christopher Vernon, a local militiaman, who resides on High street. The father was not expecting the faithful bird of long beak to bring him such a generous gift, but he is one of the happiest men in Bristol, while the mother shares equally in his joys. The young Americans weighed seven pounds each.

His Stomach Troubles Over.

Mr. Dyspeptic would you not like to feel that your stomach troubles wer over,that yo ucould eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for ending your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Baker, of Battle Creek, Mich., is one of them. He says: "I was troubled with heartburn, indigestion, and liver complaint until I used Chamberlain's Tablets, then my trouble was over." Sold by All dealers.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good.

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and help build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Owes Life to This Consumption Remedy

It is beyond human power to perform miracles. The makers of Eckman's Alterative, a remedy for Consumption, do not claim that it will restore every one to perfect health, but so many have voluntarily testified it saved their lives, that all who have this dread disease should investigate and try it. It should stop the night sweats, reduce fever, promote appetite and in very many cases, prolong life. Read what it accomplished in this case:—

Catherine Ave. and Ascot Place,
Queen's Court, L. I.

"Gentlemen: In the year 1908 I was taken with a heavy cold and a nasty cough and went to several doctors, including a specialist. Their medicines failed. I then went to the Catskills, but the cough still kept up. I stayed there a year and then went on a farm near Jersey City, a very sick man.

"My brother then recommended Eckman's Alterative to me very highly. At first I would not consent to use it, owing to the fact that I had taken so many medicines without being helped in any way, but finally I consented. It is now nearly two years since I first took it. I am now cured and I dare say that I would have been buried long ago if it had not been for Eckman's Alterative. I wish to thank you for the Godsend to me. Wherever I go I highly recommend the Alterative, as I owe my life to it."
(Sworn Affidavit) JOS. J. TROESCHER.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost anything that I want. For sale by all dealers.

NEWS OF THE DAY.

An attempt by Senator Fall, of New Mexico, to force the Senate to enunciate a strong policy of protection of American citizens in foreign countries yesterday, precipitated a lively debate, which demonstrated appreciation on the part of Senators of the gravity of the Mexican situation, and the necessity for a determined stand by the United States. Denunciation of the policy of delay on the part of the Taft administration was emphatically pronounced by Senator Fall, and blamed by him for the present critical situation which, he said, could have been prevented by a sterner national policy This declaration was approved by Senator Lodge, of Massachusetts, who expressed disappointment that the new President and new Secretary of State had not inaugurated a different Mexican policy.

Michael Brishas a religious fanatic, yesterday murdered Thomas Hutchins, foreman for the Spring Brook Water Company, at Pies Creek, near Wilkesbarre, Pa., by felling him with a shovel, and, after the body had rolled to the edge of a reservoir, taking an axe and cutting the head completely from the body The laborer fled to his boarding house and returned to the scene of the killing dressed in his best clothes Fellow countrymen secured a piece of rope and threatened to hang him to a tree, but English-speaking workmen prevented them from harming him The man, who was arrested, is believed by the police to have suddenly gone insane He stated he saw a ghost on the back of the man he killed

"Kiss me good bye and I'll go away and never bother you again" With this request Albert Schneider, 36 years old, approached his wife, Olivettee, G Schneider, in Kansas City, Mo, yesterday, as she was about to enter a downtown store where she was employed as a bookkeeper, threw his arm about her neck and fired a bullet into her forehead He then fired a bullet into his own brain. At the hospital it was stated recovery of either was doubtful. His wife had instituted proceedings for divorce.

LITTLE GIRL'S HEROISM.

Climbs Rain Spout and Saves Mother and Children.

Baltimore, Md., July 23.— Theresa Nugent, 13 years old, yesterday saved the lives of Mrs. Mary German, a next-door neighbor, and her three children, when she discovered the German house was on fire, by climbing a rain spout to the second-story porch of the burning building and forcing her way into its smoked-filled chambers.

When she saw the smoke pouring from the house she gave the alarm, but when she attempted to enter the front door she found it locked. Knowing that Mrs. German and her three children were within, the little girl grasped a spout, dug her bare toes into "chinks" between the bricks, and safely made her way to the porch.

In through the open door she went to Mrs. German. In the mother's arms was the baby Edna, and Theresa passed it over the railing of the rear porch to Mrs. Nugent, who stood on her porch. Then from different rooms in the house Theresa took two older children and passed them to Mrs. Nugent.

By this time Mrs. German had fainted, and the girl called for assistance. A spectator responded and Mrs. German was carried safely from the house.

A coal bin in the celar had caught fire by some means, and it was extinguished soon after the firemen arrived.

Burned to Death.

While half a score of men tried in vain to rush through the flames to reach their side, the only two sons of Mr. and Mrs. Frederick Von Kennon, 44 Belair Road, Baltimore, finding themselves trapped in their room on the second floor of their home by smoke and flames, crawled into their tiny bed, wrapped their arms about each other and were burned to death yesterday afternoon.

The two children, Gordon, 5 years old, a paralytic, and his brother, Emmett, four years old, had been left alone in the house by their mother, who had gone to a grocery, a few doors below their house, and were preparing for their evening nap when in some manner a fire started in the kitchen, rapidly eating its way up the stairway which leads from the kitchen to the second floor. The children ran to the side window and screamed for their mother. They attracted the attention of several workmen in nearby establishments, but before the men could reach the house the flames had reached the room, driving the children back. Their bodies were found huddled together in each other's embrace.

H. W. WILDT & Son 106 N ROYAL

A stick of dynamite in the hip pocket of Martin Funk, of Poughkeepsie, New York, exploded and blew him to pieces when he fell yesterday during a playful wrestling match with his brother, Rowland Funk. Martin was 18 years old. The accident occurred in a tent where the Funks were camping near Germantown.

Finally after twonty-four hours of wild rioting on the part of the Pope's Swiss Guards, during which the men were shorn of their military powers at the Vatican, order was restored yesterday. Great alarm was felt by the Vatican officials for fear that the soldiers would force their way into the Pope's presence. Drastic measures were taken to guard the Pontiff from the angry soldiers, as grave fears were entertained the Pontiff still weakened from the effects of his recent severe illness, would suffer a relapse should the soldiers force their way into his presence. It was stated, unofficially, that severe penalties would be meted out to the guards.
